

RADIATORS

The most silent comfort is
long-lasting

Silent and long-lasting heat for pleasant, breathable comfort

Super power, in maximum silence

Oil-filled radiators are the ideal solution to efficiently heat rooms in utmost acoustic comfort. The Olimpia Splendid range is made up of 7 models with variable thermal power from 1500 to 2500W, to suit a variety of needs.

High inertia

Recommended for use over long periods, oil-filled radiators are distinguished by their high thermal inertia, which guarantees the continuous release of heat into the room even after they've been turned off.

Multifunctionality

To make comfort a state of complete well-being, the Olimpia Splendid range also includes electric radiators with integrated humidifier: perfect for heating every room without drying the air. The enveloping heat and perfect level of humidity thus make for pleasant, breathable comfort.
